

LUCY

I am the one you met that night, in the pub - remember? Lucy - Lucy 'Arris.

JEKYLL

What brings you here...?

LUCY

(SHE is hurt, upset that he speaks to her in
this cool manner, unbuttoning her blouse)

You said if I "ever need a friend"...

(SHE reveals her injured back. JEKYLL sees,
we don't. He is horrified)

LUCY

Pretty, i'n' it? And this one, 'e' enjoyed himself doin' it, too! Things like this... happen
where I come from. But you don't expect it from a gentleman.

(SHE looks at him)

JEKYLL

Gentleman! What kind of monster would do such a thing?

LUCY

I won't forget his name in a hurry. Hyde, he called himself. Edward Hyde.

JEKYLL

(quiet shock)

Why come to me?

LUCY

You gimme your name. I never had someone like you be nice to me before.

JEKYLL

Why didn't you go to the police?

LUCY

The police? You're joking. With him bein' a gent, 'oo's gonna listen to me? I'd be afraid
of what 'e might do if he found out! 'E ain't human! 'E's a beast! E's not like you at all.
